

Curriculum Vitae of **Brian Bochenek**

Consultant

bbochenek@dnd-cs.com

OVERVIEW:

Brian Bochenek has been a part of the DND Construction Services team since 2017. After receiving a Bachelors of Science in Accounting in 1992, Brian became employed as a Field Technician for SNET (now AT&T) and after a short period in that role he was promoted to the position of Cable Repair Technician in the Hartford area.

As a Consultant with DND Construction Services, Brian has worked in a supporting role as a consultant and clerk on a variety of projects including commercial, medical, entertainment and residential losses across the United States.

Brian has also completed additional certifications to strengthen his consulting knowledge, including WRT (Water Remediation Technician) and FSRT (Fire & Smoke Restoration Technician).
